

Grandma & Grandpa Montgomery
was dissatisfied with conditions
in the old country and had planned
on ~~going~~ to Australia but with
the coming of the Mormon missionaries
grandpa was converted to the religion
& joined the Church ¹⁸⁴⁶⁻⁷ which then
made their plans to come to America.
He left about April 23. 1861.

~~He~~ ^{Grandpa made 3 trips to the Platte River}
~~to bring immigrants to Salt Lake Valley.~~

The proper thing at that time.
The lower floor was used
as a dance hall ^{the family all went} as the
valley increased its population
the need for a large Amusement
center was evident! so he
built a huge brick building
which was used for dancing
and theatres by this time there
were several show troupes from
the east & west traveling the
country and few missed the opportunity
to play at the Turner Opera House and
to ~~was~~ always filled to capacity
by people from the surrounding valleys
of Kansas, Park City, Ogden as well as Idaho
and even Wallburg.

~~These~~ ^{these} ~~current~~ ^{these} ~~times~~ ^{times} would not have
come had it not been for the place of its
accommodation at that time it was the largest
outside of Salt Lake City. Travel was by horse & stage
as most of the entertainment was in the region.

Grandpa Turner was a large
man grey eyes & dark hair.

He was energetic & progressive
mild mannered & sympathetic my
mother ^{my aunt Maggie} told of an occasion when
grandma ~~had~~ ^{had} punished them & altho
grandpa ~~would~~ ^{did} not sympathize
with them or interfere in what
grandma had said or done ^{but} when
the opportunity came he ~~would~~ ^{brought}
bring them home ~~some~~ ^{an} extra nice
gift when he went to Salt Lake.

Grandpa looked to the future in his building venture. He first built a nice ~~store~~ building a brick & ~~frame~~ ^{lumber} structure which was the nicest and largest ^{general store} in the town. He then built a 2 story ~~store~~ building that was used as a banquet hall on the top floor, ^{the} ~~cook~~ ^{the} ~~store~~ ^{was used to prepare} many of his family was married there and had the wedding supper ~~there~~ ^{as was} (up)

These building stood unscathed & in perfect
condition. Store was torn down to build a service station.
Bungie Hall - remodelled into a Gleaming 745
The big hall was destroyed by fire in 1945
it had been used for a skating rink
a garage & a bowling alley. Picture shows that brick
walls withstood the fire & had to be pushed over
Grandma would go out &
gather the white powder from
distance which formed on the
ground, this was used to raise
the bread it was a form of soda.

Grandpa always visited each
one of this family on Sunday afternoon
It was about 8 blocks to our
house the farthest. but in that
distance he would also call on
Uncle Pone. Uncle Levi. Aunt Maggie
& Mother. Uncle Will lived just across the street
from him & Uncle Rob. at the head of the lot. Aunt
Josie, Uncle Jack, Jim & Joe were not married then
except he had visited all the family in Lyons by 1912
